HIGHLIGHT OF ECONOMIC DEVELOPMENTS

Highlight of Economic Developments

- Nigeria's GDP grew by 7.1% in 2013, driven by Agriculture, Telecoms and Financial Services Sectors;
- The country's GDP has been rebased – Economy is now largest in Africa with an aggregate value of \$510 billion;
- Inflation rates remained in single-digit in 2013, closing the year at 8.0%;
- External reserves dropped to \$39 billion, on the back of increase in demand for US Dollar;

Highlight of Economic Developments

contd

- Official Exchange rate was fairly stable at N157/US\$, but the gap between it and the unofficial rate widened to about N15/US\$ in December 2013;
- Interest rates remained high, as the CBN took a tight monetary policy stance – even yield on FGN Bonds now 14.1%;
- Privatization of the power sector received a boost with sale of some power plants; and
- The stock market recorded a strong performance, having returned 47% in 2013.

2

SOME DEVELOPMENTS IN OUR INDUSTRY

Some Developments in our Industry

- The CBN has mandated Nigerian Banks to take Biometric information of their customers as part of the “KYC” requirements;
- Need for a more secure payment system has been on the increase;
- Efforts to unify the identity system and records in Nigeria through the NIMC project; and
- Increasing competition for on-line payment and transaction system.

3

Net Cash derived /(used) in operating activities	515	(406)
Net Cash (used) / derived from investing activities	(68)	416
Net Cash (derived) from financing activities	(205)	(220)

Things to Note about the Results

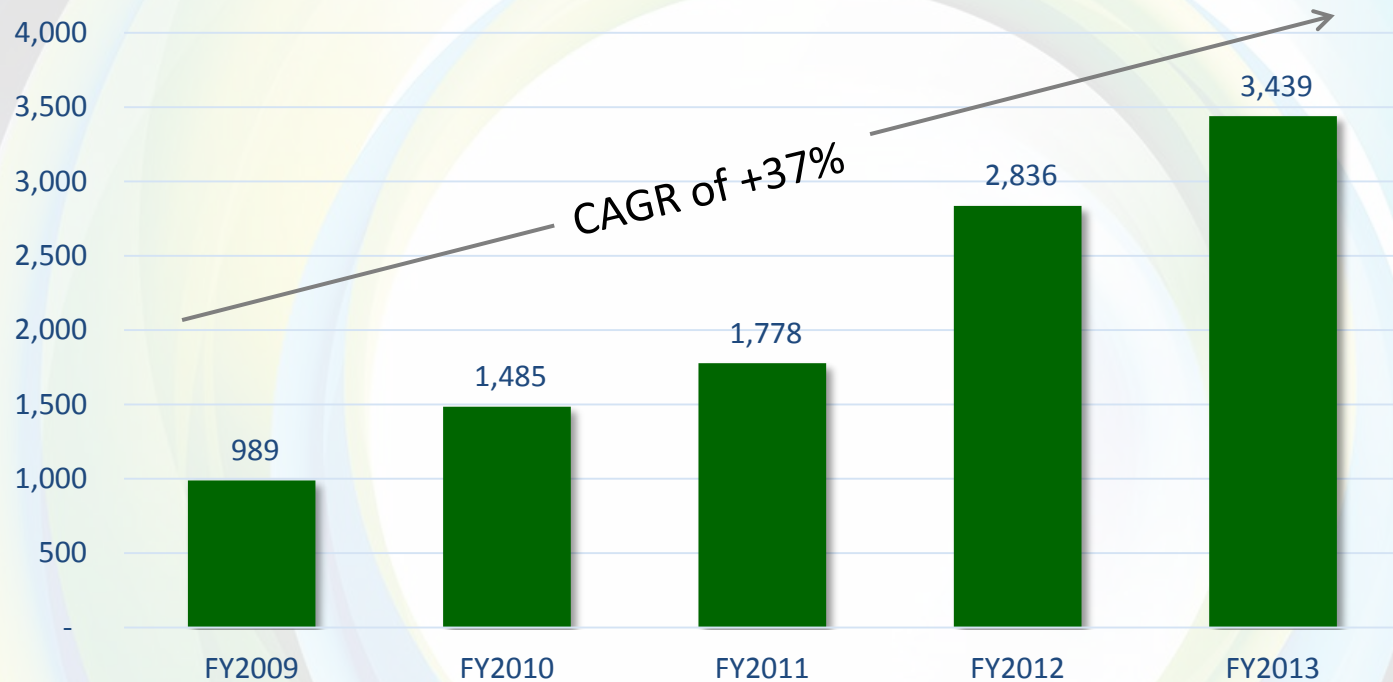

- Strong revenue growth of 21.3% from N2.84 billion in 2012 to N3.44 billion in 2013;
- Impressive growth in net profits; up by 115.3% to N188.5 million versus N87.5 million the previous year;
- Earnings Per Share came it at N0.07, more than twice what was recorded in the corresponding period;
- Total assets grew by 22.9% to N10.7 billion, compared to N8.7 billion in 2012; and
- Shareholders' funds improved by 5% to N4.7 billion (N4.5 billion was recorded in 2012).

In addition to the above notes on Group Performance, the company performed better on all fronts.

5

DISCUSSION OF FULL YEAR 2013 RESULTS

Revenue Trend (N' million)

- Total revenue of N3.44 billion was achieved in 2013.
- More than 21% above the N2.84 billion recorded in 2012.
- Our revenue growth over the last five years is 37% on a compounded annual basis.

Revenue Mix

- Our core business, identity management and payment solutions account for 86% of revenue
- Contribution from this segment was stable in both 2013 and 2012
- Others include our card, switch and consulting/training businesses.

Profit Trend (N' million)

- Sustained profitability – since the recovery in 2012
- Profits rose by more than 115% in 2013. That is commendable, in our view

Trend in Total Assets (N' million)

- Strong growth in asset base
- CAGR of 8.1% since 2010

Asset Mix

- Bulk of assets are represented in trades and other receivables
- Constituting more than half of asset portfolio
- These leap in receivables to 70% of assets in 2013 was a one-off situation...
- ...and we have received payments from our clients in the new year.
